The Mignone Center for Career Success Can Help You...

- Test your interests.
- Find a nonprofit, for-profit, study abroad, or research summer experience.
- Learn more about funding opportunities through the Mignone Center for Career Success and other Harvard sources.
- Connect to alumni and employers.

Your story, background, experience, and talents are all valued here. Talk to us about how we can help you test your interests and skills and connect you to all kinds of opportunities. Our friendly advisers can help you plan for summer and your four years at Harvard and beyond. Connect with us and let us get to know you!

Diverse Internship and Job Offerings
We work with employers in many diverse fields and can help you learn about and apply for opportunities in TV, film, international development, education, nonprofits, engineering, tech, journalism, life sciences, finance, marketing, consulting, medicine, and more.

Drop-Ins Monday-Friday 1:00-4:00pm ET
Drop-in advising for quick questions and resumes reviews will be offered Mon-Fri from 1:00-4:00pm ET in Fall 2022. Get help with:
- Resumes and cover letters
- Summer plans
- Summer funding
- Identifying other helpful/relevant resources at Harvard

Please check our website for instructions on how to access in-person or virtual drop-in advising. If 1-4 p.m. doesn't work, email the front desk at ocsrecep@fas.harvard.edu to discuss alternatives.

Not Sure What You're Interested in Yet?
Our team loves brainstorming ideas with you! Check out the Career Pathways pages on our website for more ideas, resources, tips, and advice on a variety of areas. Consider participating in one of our workshops on discovering your strengths and skills or developing an exploration mindset – see our calendar for program dates.

Designing Your Harvard? – Talk with an Adviser
The wide range of opportunities at Harvard can be daunting; it can feel like you are missing out because there are so many options. Consider making a one-on-one appointment to have a longer planning conversation with one of our advisers. To schedule a meeting, visit our website, click the “Crimson Careers” button, login to your Crimson Careers account using your HarvardKey credentials, and request an advising appointment.

Resume and Cover Letters
Early on at Harvard, you may find yourself applying for a number of different opportunities, whether campus jobs or summer funding and experiences. Generally, these opportunities require you to put together a resume and write a cover letter or personal statement. We can help you to craft strong documents. Follow our template available on our website.
to prepare a “Harvard-style” resume and then bring in your draft to drop-ins for a review
Once your resume is in good shape you will be ready to apply for all opportunities that you
learn about. We also offer workshops and an online tutorial on writing resumes and cover
letters.

Apply for Summer Funding
Students often begin to plan for summer in November or December. Our office funds over 500
students each summer to pursue international internships, study abroad, or international or
domestic public service opportunities. We can also help direct you to the dozens of other
funding sources at Harvard to increase your chances of landing summer funding. Don’t miss
the December Summer Funding and Programs Fair. Want personalized help? Come to a
summer funding program or make an appointment to meet with our Summer Funding
Team.

Career Fairs, Employers, and Workshops
We conduct 300 programs and hosts over 20 career fairs annually. These events are
designed to be an easy way for you to meet alumni and industry professionals and learn
about different opportunities. Everyone from first-year students to seniors attend these
events to explore their interests by talking to people about what they do, how they got their
start, and what advice they may have for you if you are interested in pursuing similar work.

Campus Recruiting
Campus Recruiting (formerly called the Campus Interview Program) streamlines the
networking, application, and first-round interview process for over 100 employers,
primarily in finance, consulting, tech, and business. These employers often recruit on an
earlier timeline, usually mid to late summer and early fall. Most employers seek to hire
students for internships over junior summer and for full-time employment post-graduation.
Some organizations, however, also offer pathway and diversity programs for first-year
students and sophomores. Landing these types of positions takes careful preparation and
planning, so be sure to begin to work early with our advisers and pre-professional student
groups if this pathway interests you.

Crimson Careers
Crimson Careers (harvard-csm.symplicity.com/students) is our online database where
organizations interested in hiring Harvard students and graduates post thousands of
internships and jobs. We work with over 3,000 employers who post over 9,000
opportunities annually. Our front desk team can also work with you individually to help
you set up an advanced search to focus your search results and have relevant postings
emailed to you. Also check out UCAN (accessed through Crimson Careers), a college
consortium internship posting site that offers greater geographic diversity of positions.

Interview Preparation
Preparing for interviews requires knowledge about the organization and position, and
articulating the skills and experiences you can contribute. There are many ways we can
help you get ready. Check out the Interviewing section of our website and/or come to a
workshop.

Pre-Med and Health Careers
Our Premed team has expert knowledge about medical school and careers in the health fields. If you’re interested in medicine, plan to attend our premed/pre-health programs, drop-ins, and appointments and check out the comprehensive Pre-Health resources on our website.

**Graduate and Professional School Advising**
Our advisers are ready to help students who are considering graduate or professional school in the future. Whether you are considering law school, business school, a master’s degree, or a PhD program, we can help. For more information and resources see the Graduate School section of our website.

**January Experiences and Site Visits**
Have you ever wondered what it is like to work on a film set, in a research lab, or at Google? During Harvard’s January Winterbreak, we offer a wide variety of short-term immersion activities that allow students to explore companies, talk to alumni, work on small projects, and go behind the scenes for a close-up look at many organizations. These experiences offer you the opportunity to test your interests in a real-work setting.

**Build Your Professional Network**
We bring alumni to campus to participate in many programs, including our Professional-in-Residence program which allows you to connect one-on-one or in small groups with alumni professionals from a variety of industries. We host workshops on networking, which can teach you how to connect with some of the 370,000+ Harvard alumni who can help you land great opportunities now and in the future.

**The Mignone Center for Career Success Website 24/7 Help**
Need help at 2 am? Check out the vast information on our website. Be sure to check out the online resources and become familiar with tools such as:

- **Vault** – Guides for landing jobs and internships in many sectors
